## WEEKLY WEATHER BULLETIN

For the Week Ending August 4, 1906  
GENERAL SUMMARY.

Honolulu, T. H., Aug. 5, 1906.

The majority of stations report an increase of rain over the preceding week.

On Hawaii the changes generally ranged from +.77 inch to +1.65 inches, the only exception being +.31 inch at Paia.

On Kauai, +.57 inch at Kapoho, and +.65 inch at Kau, and -.06 at Naalehu, -.99 at Pailaha (where no rain occurred), and -.46 inch at Kealahou (Wallace). No rainfall has occurred during the last two weeks at Pailaha and Kihou, Maui; the remaining stations on that island report changes of +.17 to +.60 inch as compared with the preceding week. On Oahu the changes were slight, +.11 inch being the greatest reported; excesses were reported from eastern and southern, and deficiencies from western stations. No rainfall has been recorded at Makaweli and Elele, Kauai, during the last two weeks. The stations in the eastern half of that island report .34 to .83 inch more rain than during the preceding week.

The mean temperatures for the week on Hawaii were, as a rule, lower than those of the preceding week, but the greatest decrease did not exceed -1.0 deg., while the greatest increase amounted to but +.3 deg. On Maui the changes did not exceed 1.0 deg., higher mean temperatures being reported from the central portion, and lower from the other portions of the Waialuku district. At Waimanalo, Oahu, the mean temperature for the week was 1.0 deg. higher than that of the preceding one, while at the remaining stations the changes did not exceed .3 deg.; lower mean temperatures were reported from the western and northwestern districts. The stations in the eastern and southern districts of Kauai report mean temperatures .4 deg. to 1.5 deg. higher than those of the preceding week.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group.

	Temperature.	Rainfall.
Hawaii	73.8 deg.	1.53 in.
Maui	77.8 deg.	0.78 in.
Oahu	79.7 deg.	0.04 in.
Kauai	78.3 deg.	0.40 in.
Entire Group.	75.9 deg.	1.04 in.

At the Local Office of the U. S. Weather Bureau in Honolulu generally partly cloudy weather obtained, with measurable amounts of rainfall on the 1st and 4th, amounting to .03 inch, a deficiency of .32 inch for the week. The mean barometer was 30.01 inches; mean relative humidity, 67 per cent; prevailing wind direction, northeast, with an average hourly velocity of 8.7 miles; average cloudiness, 4.10; maximum temperature, 85 deg., minimum temperature, 74 deg., and mean temperature, 79.2 deg. 1.1 deg. above the normal for the week.

The first meeting of the 12th Anniversary will be held tonight, in the hall corner of King and Nuuanu streets, commencing at 8 o'clock, led by Adjutant Bamberg.

The delegates from the other islands will begin to arrive tomorrow. Adjutant Winter, Lieutenant Ching Leong and a Porto Rican assistant will arrive tomorrow morning on the Mikahala, from Kauai. Adjutant Winter and his assistants will have charge of the meeting in the hall tomorrow evening.

Colonel French will be given a public reception on Thursday evening. The colonel will deliver an address. The public is cordially invited to attend.

Friday evening the children of the Salvation Army Mission Sunday school and the children attending the Sunday school at King and Nuuanu streets, will go through special drills, sing and recite on the platform. This will be an interesting affair, as there will be nearly every nationality in the town represented by the little folks. Colonel French will speak on the "Children's and Young People's Work in the Army."

Saturday the meeting will be conducted by the Hawaii contingent, Ensign Lewis will be in charge.

Sunday, the Colonel will speak in the Methodist church in the morning and the Central Union church in the evening.

## THE KNABENSHUE DIRIGIBLE BALLOON

PHOTO DIAGRAM SHOWING HOW G. L. BUMBAUGH PROPOSES TO LOOP THE EAST RIVER BRIDGE WITH A DIRIGIBLE BALLOON

Press Cable, Morning Service.

BRANTROCK, Mass., August 7.—

Roy Knabenshue has made the most successful balloon trip in the history of this country, arriving here from New York and traveling 23 miles.

A recent Washington letter spoke of one of Roy Knabenshue's feats as follows:

"This city was in a burst of excitement a few days ago over an airship, the first ever exhibited here. It was, briefly, a balloon directed by a motor. It came from a point a few miles out of the city, alighted twice here and then returned to its original starting place. The helmsman was a boy of nineteen. Though it was a very interesting sight to the thousands here nothing very practical can be deduced from it as there is but little control over such apparatus unless the weather conditions are entirely favorable. Three or four days afterwards he announced another flight which he did not take because the wind was not at the proper rate or direction. A man of wealth has offered to give money for constructing two others along the same lines, to be large enough to defy a wind of forty miles an hour, but this will hardly be believed until it has been done."

The above is a diagram of how G. L.

Bumbaugh, an aeronaut of Charleston, West Virginia, proposed to "loop" the big bridges spanning East River and connecting New York and Brooklyn. The dirigible balloon he proposed to use was a Knabenshue model, probably very similar to the one used by Roy Knabenshue himself in his just completed flight. The builder of Bumbaugh's dirigible balloon was Leo Stevens, an aeronaut and builder of balloons.

The Army hall all day Sunday.

ing. There will also be meetings in

Senator Corman's

Successor

WILLIAM PINCKNEY WHITE

By the recent appointment of William Pinckney White as United States Senator from Maryland to fill the unexpired term of the late Senator Arthur Pue Gorman that state will have the oldest Senator with the exception of Alabama whose upper house representatives, Senators Morgan and Pettus are somewhat older.

Senator White was born in Baltimore on August 9, 1824, and he has always been a Democrat. He has served as Governor of Maryland, United States Senator, Mayor of Baltimore, Attorney-General of the State and in many other positions of trust.

## CHICKEN RAISERS LISTEN TO ADDRESS

B. M. STONE OF FRESNO ADDRESS-

ED THE HAWAIIAN POULTRY ASSOCIATION.

The Hawaiian Poultry Association met last evening at the Bureau of Forestry and Agriculture and listened to an address by B. M. Stone of Fresno, California, on the raising of poultry.

Mr. Stone has had a wide experience as a poultry raiser and his address was listened to with more than the usual interest.

Mr. Stone's address last evening was of an informal nature he answering questions asked him by the audience and in that way telling the different raisers of the islands how to avoid certain diseases.

Mr. Stone is delighted with the islands and says that he will be an earnest worker for Hawaii when he returns home.

OUTING ON LIKELIKE.

Frank Cooke, this two daughters and two lady friends recently made a tour of the islands in the S. S. Likelike. They touched at sixteen ports.

CEMENT FOR SAN FRANCISCO.

Henry J. Crocker purchased 18,000 barrels of cement for use in San Francisco. He made the purchase in Hong Kong and the consignment will be sent over by a sailing vessel. The

Hong Kong Maru brought 1,000 barrels of cement yesterday for H. Hackfeld and Company.

ENGAGEMENT ANNOUNCED.

The engagement of Miss Cella W. Woods, sister of Palmer Woods to L. J. Gay has been announced.

LANDED OIL CONTRACTS.

Henry J. Crocker was a through passenger on the Hong Kong Maru for the coast yesterday. He has been in the east trying to locate oil contracts and he was successful. He stated that it would mean the placing of several million barrels of oil each year.

Guy E. K. Swan and Alford L. Swan of San Francisco, administrators of the estate of Antonette F. Swan, who died at Santa Cruz, Cal., October 1, 1905, have petitioned for letters of administration in this jurisdiction.

## ON EASY TERMS

THE REFRIGERATOR OF PERMANENT SATISFACTION

## THE GURNEY

Removable Ice Compartment Found Only In the GURNEY

King of Ice Savers

The Only CLEANABLE

It is now Refrigerator Weather and with this fact in mind, the entire line of the Celebrated Gurney Refrigerator carried by us, is offered to you.

How To Possess a Gurney Refrigerator Today

This is our plan. Come to the store today, select the Refrigerator you want, pay 1-3 of the price down, the balance in 60 days. Instruct us as to where you want it delivered, and inside of ten minutes you become possessor of the best Refrigerator made. BUY IT NOW.

Honolulu, Hawaii

## VERIBEST

Notice the peculiarity in spelling the name of the finest canned meats extant. The readers of the Star may see this at home instead of riding to a bill board, as they formerly were obliged to when we patronized that method of advertising our goods.

## VERIBEST

canned meats, the product of Armour &amp; Co., are the best that have ever been placed on the market, the only output that has absolute sanitary inspection on the part of the authorities in Chicago.

WE INVITE INSPECTION BY THE PEOPLE OF THIS TERRITORY. NO OTHER CANNED FOODSTUFFS ARE AS CAREFULLY SELECTED OR PREPARED WITH THE SAME ATTENTION TO CLEANLINESS IN COOKING.

Armour &amp; Co.'s Goods have passed the entire gamut of Federal inspection and emerged unscathed.

Do you need any better recommendation?
